**The Program**

Our Change Matters program provides shoppers an opportunity to help local community-enrichment organizations by making small-change donations, which accumulate into a meaningful contribution for the recipient. Shoppers have the opportunity to round their purchase up to the next dollar each time they shop, 100% of that goes to partner organizations. We partner with one organization a month through this program. While a certain dollar amount is not guaranteed, on average we raise $2-4,000 a month through this program.

We promote the program and the organizations we partner with on our website, our facebook page and with signs at each register. While some Wedge staff ask customers if they would like to round up, it is not required. We therefore look to organizations to promote this opportunity through their outlets to encourage their supporters, clients and members to come to the store and ask to round up! Through this program the Wedge seeks to create meaningful, productive and lasting partnerships with local organizations.

**All recipients will be required to:**

- Table at least two times in the store during their month
- Attend frontend meetings at the store and the Wedge Table to share information about the organization with staff
- Attend the Wedge’s quarterly Come Together Happy Hour closest to your month to share information with Wedge shoppers.
- Recipients failure to follow through on these items impacts consideration in following years
